Please find below and/or attached an Office communication concerning this application or proceeding.

The time period for reply, if any, is set in the attached communication.

Incomplete Response

First of all, although the Applicant had amended independent claim 1, in response to the 112(1) Rejection, however, the Applicant does not show how the claim amendment overcomes the said Rejection.

Second of all, the Applicant does not address the Rejection based on the Krishan's Patent. Under 1.111, all issues raised by the Examiner should be addressed in the Applicant's current response.

Finally, the Applicant is herein given one month to respond to the present correspondence.

(P.S.) As featured in the Applicant's remarks, the Examiner is not of the opinion that the claimed invention or at least amended claim 1 recites a method of embedding or inserting an advertiser's or sponsor's logo or background or advertising in a free Software or Application, provided to a user by the sponsor, and displaying this logo or background each time the user accesses the sponsor's free Software.
